10 THINGS TO DO AFTER A BIKE CRASH

1. Always ride with a phone, ID and this Rider Card.
2. Immediately seek medical attention by calling 911.
3. Require a police report, and business card from the officer.
4. Obtain the contact information of all available witnesses.
5. Take photos/videos of the scene, your bike and your injuries.
6. Do not negotiate with the driver or their passengers.
7. Collect the driver's full insurance information.
8. Leave your bike and gear in their post-crash state.
9. Do not live-stream or post about the crash on social media.
10. Before talking to insurance companies consult a bike lawyer.
